Honorable Mayor, City Council Members and Citizens of Grand Terrace

Introduction

The last several fiscal years have been extremely challenging for the City of Grand Terrace. Recent budgets considered by the City Council were adopted in the face of the most significant economic downturn since the Great Depression and the dissolution by the Legislature of all redevelopment activities throughout the state of California. Together, these events have shed new light on the precariousness of the City's fiscal viability, first highlighted by the San Bernardino Local Agency Formation Commission (LAFCo) in 1978 when the City first incorporated.

In addressing the structural imbalance between revenues and expenses, the City Council attempted to gain ballot box approval of a local tax measure. The measure was rejected by the voters, so Council, with the help of unanticipated, and new, revenues, focused its attention on crafting a structurally-balanced budget for FY 2014/2015 and developing and adopting a vision for the community. Both of these initiatives have realized some early successes, but the updated Five-Year Financial Analysis and Budget Stabilization Plan is sobering in its assessment of the City's fiscal position from FY 2015/2016 going forward.

The FY 2014/2015 budget is structurally-balanced and required no contribution from the General Fund Contingency Reserve to gain this status. This was made possible by staying within the fiscal "footprint" of the FY 2013/2014 budget, an improving economy and certain development assumptions related to the improving economy. While taking forward-looking measures during the FY 2013/2014 Mid-Year Budget Review, and preparing its FY 2014/2015 budget, the City Council developed and adopted the City's first ever Vision, known as the City of Grand Terrace 2030 Vision and 2014-2020 Strategic Plan. While Council and staff continue the dedicated, and ongoing, effort to contain costs, seek new efficiencies and manage the City's financial affairs within the context of the Five-Year Financial Analysis, it is noted that much, if not all, of the City's hope to obtain, and retain, fiscal viability rests with the successful implementation of its 2030 Vision and 2014-2020 Strategic Plan.

A number of enhancements have been made to the FY 2014/2015 Adopted Budget in an effort to make the document more meaningful to the City Council and the citizens of Grand Terrace. These enhancements include background information on the City, such

as a new community profile/statistical summaries; organization/financial structure information; 2030 Vision information; 2030 Vision FY 2014/2015 accomplishments, additional financial summaries; program descriptions; position allocations; and, a glossary of terms.

Proposed Budget

On May 27, 2014, staff presented the City Manager's Proposed FY 2014/2015 Budget to the City Council. In years past, the budget document has included information on the General Fund, Child Care Fund and the Wastewater Fund. The FY 2014/2015 budget does not include a budget discussion, and support documentation, for the Wastewater Fund for reasons outlined in the Wastewater section below. Also included below are summary descriptions of the General Fund and Child Care Fund.

General Fund

The General Fund budget is structurally-balanced and includes a small contribution to fund balance \$80,903 as a result of successful cost containment strategies instituted over the last several years. These strategies included a 65% reduction in regular City positions supported by the General Fund, a moratorium on all merit and cost-of-living increases and an across-the-board furlough program resulting in the institution of a 36-hour work week. The General Fund budget is also structurally-balanced because of a generally improving economy and anticipated development revenue (\$55,000), over and above the flat revenues contained in the Five-Year Projection. The non-partisan state Legislative Analyst Office (LAO) published projected FY 2014/2015 property tax increases of 3-5% on a state-wide level. Importantly, the LAO has projected higher property tax increases in those areas of the state hit hardest by the Great Recession and which had high percentages of property owners receiving reassessments of the taxable value of affected properties. The Inland Empire (San Bernardino and Riverside counties) was one of the areas hit hardest by the Great Recession and property reassessments. As a result, Inland Empire cities are beginning to see some growth in property tax revenues for the first time in years. In light of this, the Grand Terrace General Fund budget contains a modest increase in property tax revenues of four percent (4%). In recent years, including FY 2013/2014, the adopted budget contained two percent (2%) increases in property tax revenue.

Another significant achievement for the FY 2014/2015 General Fund Budget was the establishment of General Fund Contingency, Equipment Replacement and Budget Stabilization Reserves in the amounts of \$600,000, \$400,000 and \$402,091. respectively. The General Fund Contingency Reserve meets the Government Finance Officers' Association (GFOA) suggested guideline of two-months of operating revenues in this reserve account. Given the age and condition of the City's non-expendable personal property, establishment of the Equipment Replacement Reserve is a critical part of the City's effort to replace, on a systematic basis, old, obsolete and equipment in poor/beyond salvage condition moving forward. The establishment of the Equipment Replacement Reserve, in conjunction with contracting out the City's Information Technology function to the City of Loma Linda, should enable the City to acquire,

maintain and replace, as appropriate, equipment relating to its computer and phone systems moving forward. The City was also able to supplement its small fleet of vehicles with the purchase of two, low-emissions, hybrid vehicles, using restricted clean air funds intended for this purpose. Lastly, the Budget Stabilization Reserve has been established, and is available to the City Council, to soften the impact of major, unanticipated events which, ordinarily, would negatively impact the General Fund Contingency Reserve.

Child Care Fund

In 2013, the City Council took steps to ensure the Child Care Fund would be self-supporting going forward and require no annual contribution from the General Fund to remain solvent. This policy determination resulted in a 2% rate increase, effective July 1, 2013, to balance revenues and expenditures and maintain a minimal, but positive, fund balance through FY 2013/2014. That initial 2% rate adjustment was incorporated into the adopted FY 2013/2014 budget and, for FY 2014/2015, Child Care rates have, again, been adjusted upwards by 6% to reflect changes in California's minimum wage law and the ongoing effort to ensure the Child Care Fund remains self-supporting. As a result of this effort, the projected year-end fund balance for the Child Care Fund is \$40,000. Increasing the Child Care Fund balance in the years to come is central to the City's goal of enhancing, and protecting, its General Fund.

Wastewater Fund

Before incorporation, the community of Grand Terrace received certain sewer services, including treatment of Grand Terrace effluent, from the City of Colton Public Utility Authority. After incorporation, these services continued, with the understanding that Grand Terrace and Colton citizens would be charged the same rates for various levels of sewer services. For reasons that are unclear, sewer rates for Grand Terrace and Colton citizens never aligned as originally envisioned, leading the City of Colton to initiate litigation and demand back payments from Grand Terrace amounting to \$4 million. Through intensive negotiations, a Settlement and Release, Sewer Services and Lease agreements were entered into by both cities. The approval and adoption of these agreements by the City Councils of Grand Terrace and Colton resolved all outstanding litigation, established the same rates for the same classes of users for citizens and businesses in both communities and leased the Grand Terrace wastewater collection system to the Colton Public Utility Authority for a period of 50-years.

Importantly, the arrangements set forth in the above agreements extricated Grand Terrace from the wastewater business during a time it was least able to carry out this function from staffing and organizational competency standpoints. Moreover, the lease agreement provided the City a \$400,000 one-time infusion to its General Fund, and provides for annual lease payments to the General Fund, beginning at \$300,000 per annum and rising in proportion to future rate increases. These one-time and recurring revenues assisted the City Council in preparing and adopting a structurally-balanced General Fund budget for FY 2014/2015.

Priorities for FY 2014/2015 and Beyond

The City's priorities have been shaped, virtually in their entirety, by its 2030 Vision and 2014-2020 Strategic Plan. In addition to important statements regarding its Mission, Vision and Core Values, and recognizing its limited human and financial resources, the 2030 Vision focuses upon five, specific goals as follows:

- "Ensure Our Fiscal Viability";
- "Maintain Public Safety";
- "Promote Economic Development";
- "Develop and Implement Successful Partnerships"; and,
- "Engage in Proactive Communication"

In an effort to marshal its resources as efficiently and effectively as possible, each of the City's departments has developed Implementation Plans that cover the first two years of its 2014-2020 Strategic Plan. These departmental plans have been combined into an overall Implementation Plan for the City, covering all five goals of its 2030 Vision. It is the 2030 Vision Implementation Plan that serves, effectively, as the City Manager's work plan for the first two years of the 2014-2020 Strategic Plan. Elsewhere in the budget document is a section entitled 2030 Vision Accomplishments (2014). The list of programs, projects and activities initiated, or carried out, since the 2030 Vision was adopted in May 2014 is impressive, especially when the City's limited resources are

taken into account. Even so, it must be emphasized that all of 2014, and some portion of the third quarter of this fiscal year, will be devoted, almost exclusively, to laying a good foundation for the successful implementation of the City's 2030 Vision.

Goal #3, "Promote Economic Development" is the key to accomplishing the City's Goal #1 "Ensure Our Fiscal Viability". The importance of this goal, and the City Council's commitment to it, cannot be overstated. The development and implementation of an effective economic development program requires appropriate expertise at the staff level and consistent, sustained political support at the City Council level. Even though a structurally-balanced budget was devised and adopted for FY 2014/2015, our Five-Year Financial Analysis clearly shows the fiscal challenges awaiting the City in all of the remaining fiscal years covered by the Analysis, including FY 2015/2016. When this assessment is taken in combination with the time and long-term effort required to develop and implement a successful economic development program, the remaining years covered by the Five-Year Financial Analysis become even more challenging. As such, everything we do as a City must be viewed within the context of whether or not the contemplated activity gets the City closer to realizing Goal #1, "Ensure Our Fiscal Viability", or further away. Not many things in life are truly black or white when making choices, but that is the approach staff recommends the City Council take when, inevitably, initiatives will be presented to Council that, if approved, will detract from the effort of accomplishing goals numbered 1 and 3, respectively. From experience, if there is any doubt whatsoever in whether or not a contemplated activity will actually result in the City getting closer to accomplishing Goal #1 "Ensure Our Fiscal Viability", it must be viewed, in the opinion of staff, as detracting from the required effort rather than enhancing such efforts as initiative proponents will, undoubtedly, claim.

This will require uncommon and sustained discipline over an extended period of time, and by multiple City Councils and staff members as inevitable turnover at elected and appointed levels occur over time. The year 2030 is but 15-years away. The 2030 Vision has been broken into three (3) five-year segments (2014-2020; 2021-2025; and, 2026-2030) to aid in its effective implementation and in recognition that the first segment will be the most difficult to successfully implement. If the City and the community at-large can rise to the challenge of successfully implementing the 2014-2020 Strategic Plan, effectively implementing the two remaining five-year segments will be made significantly easier as a result.

System of Budgetary Control

The FY 2014/2015 Adopted Budget establishes the budgetary control system for the fiscal year. Expenditures are controlled at the fund level and may not exceed the approved budget without City Council approval of a budget appropriation. Departments will be apprised of their budget-to-actual results on an ongoing basis and through appropriate internal financial reports. A Mid-Year Budget Report will be presented to the City Council in February 2015, showing budget-to-actual revenue and expenditure results, fiscal year-end projections and any recommended budgetary adjustments

Acknowledgements

Given the fiscal challenges facing the City for the foreseeable future, I want to express my thanks and appreciation to each City Department, and all City staff, for their ongoing commitment to identifying cost control and cost reduction measures wherever possible. The FY 2014/2015 Adopted Budget reflects a continuation of the compensation reductions implemented several years ago for all City staff. Despite this less than desirable situation, staff's commitment and dedication in the face of unfortunate circumstances is unquestioned. Ample evidence of this exists in the 2030 Vision Accomplishments (2014) summary contained elsewhere in this document, and it is hoped an improving economy, and effective implementation of the 2030 Vision, will enable the City Council to favorably consider at least some of the results of the compensation and classification studies completed this year.

I also want to express my appreciation to the City Council for its leadership in adopting the City's 2030 Vision, extricating the City from the wastewater business, adopting a structurally-balanced General Fund budget for FY 2014/2015 and taking a comprehensive series of implementation measures relating to Goal #1, "Ensure Our Fiscal Viability" of our 2030 Vision. Over the last several years, the City Council has shown the focus, dedication and willingness to make difficult budget decision enabling the City to remain solvent. Vigilance in this area will continue to be required, as will the ongoing effort to calibrate the City's service levels with its human and financial resources. Doing so will place the City in the best possible position to effectively, and successfully, implement its 2030 Vision, the key to fiscal solvency and economic sustainability.

Respectfully submitted,

Our History

Grand Terrace's roots go back to Mexican land grants dating from the period between 1830 and 1840. According to the *Riverside Press*, in 1876 there were nine buildings in the Terrace-Colton area.

The development of Grand Terrace, or East *Riverside* as the Grand Terrace - Highgrove area was then called, became a reality with the construction of the Gage Canal in 1896. This 22-1/2 mile canal, built at a cost of 2 million dollars, brought water from the Santa Ana River marshlands below The Terrace. With plenty of irrigation water, Grand Terrace rapidly became an agricultural community featuring fine, quality citrus. However, the severe "freeze" of 1913 destroyed many groves. Walnuts, a hardier tree, were planted as replacements along with peaches as a quick-profit crop.

The social activities in the early 1900's centered around the Farm Bureau Extension Service and the Women's Club established in 1908, followed by the P.T.A. in the 1930's. Since there were no local churches, people traveled to surrounding communities for worship and other church activities.

Grand Terrace was originally called "The Terrace" because of its higher ground. Later, the name "Grand" was added referring to the area's lovely view. The area's first settlers were Dr. Benjamin Barton (hence Barton Road) and Dr. W.R. Fox. By the time the *Riverside-Highland Water Company* was formed in 1898, this community was known as Grand Terrace.

Push to Cityhood

In 1962, the Grand Terrace Chamber of Commerce was organized. From the very beginning the Chamber was interested in preserving the local identity of the area, and therefore, was a strong supporter of cityhood.

The push by residents for cityhood led to hearings by the county's Local Agency Formation Commission (LAFCO), which was charged with deciding whether the town could succeed as a city.

According to Tony Petta, the City's first mayor, several hundred Grand Terrace residents attended the LAFCO hearings and the news they heard wasn't always encouraging. LAFCO members seemed to think the area was too small to support itself as a city.

Then Supervisor Dennis Hansberger during his first term in office said the concerns were that Grand Terrace had no tax base -- meaning little sales tax revenue and an insufficient amount of property taxes -- to pay for city services.

But Hansberger supported the city and helped obtain the \$28,000 needed for a feasibility study.

The residents got the issue on the ballot, and on November 7, 1978, 82 percent of Grand Terrace's voters said yes to incorporation. The city was officially formed on November 30 of that year, when the City Council had its first meeting at

Terrace Hills Middle School and became the 16th City in San Bernardino County.

Eighteen residents applied to be city council members and five were elected: Tony Petta, Thomas A. Tillinghast, Hugh J. Grant, Doug Erway and Jack A. Allen. Tony Petta was chosen mayor.

CITY OF GRAND TERRACE, CALIFORNIA COMMUNITY PROFILE

THE COMMUNITY

Grand Terrace, referred to as the 'Blue Mountain City', is located in San Bernardino County, California on the I-215 corridor, and is strategically situated between the cities of Riverside and San Bernardino. Major improvements are nearly complete on I-215, which will dramatically enhance Grand Terrace's easy access to the Southern California freeway system.

Incorporated in 1978 Grand Terrace has a population of 12,285 and is known for offering a superb quality of life with a relaxed small-town feel, along with quiet neighborhoods, clean streets, high achieving public schools and a safe community environment.

Blue Mountain, Grand Terrace

POSITIVE ATTRIBUTES

The following are just some of the positive attributes Grand Terrace possesses:

- Grand Terrace residents have disposable income, with Grand Terrace having the 5th highest Median Household Income of San Bernardino County cities at \$64,073 (which is higher than Fontana, Ontario and San Bernardino, along with being above the neighboring communities of Colton, Loma Linda and Riverside).
- Grand Terrace has charming, safe and clean neighborhoods, and a diverse housing stock that offers affordability with an average home value of \$292,600.
- Grand Terrace public schools are high-achieving and Grand Terrace Elementary School has been designated as a California Distinguished School.
- 24% of Grand Terrace residents have a Bachelor's Degree or higher, with 88% having a High School Degree or more.
- Grand Terrace has been ranked by Money Magazine as one of the Top 100 Best Places to Live.
- In May 2014, City Council adopted the City of Grand Terrace 2030 Vision, including a Strategic Plan, to help guide the City of Grand Terrace through the period of 2014 to 2020. The Strategic Plan has several high priorities, including a strong emphasis on economic development and attracting new businesses to locate in the community.

City of Grand Terrace Budget Process

The budget process for the City of Grand Terrace, generally, begins in January each year with a department head meeting to discuss the following year's budget. The City Manager outlines the goals and directives for the development of the upcoming budget. Budget parameters are provided to the departments based on a preliminary revenue forecast and current economic conditions. The Finance Department creates the budget process calendar, and prepares the budget development guidelines and budget worksheets for each department to use in preparing the new budget. The guidelines outline the policies and procedures to be used in preparing the departmental budget submittals.

In February and March, after the departments have submitted their detailed budget requests into the worksheets, the Finance Department reviews, analyzes, compiles the data, and calculates the total expense budget requested by the various City departments. Finance prepares the revenue estimates for most of the general fund revenues and reviews all other revenue estimates for other City funds that are provided by various City departments.

In April, the Finance Department prepares the proposed budget document, reflecting the City Manager's proposal. The City Manager, then, submits the proposed budget to City Council, as required by the City of Grand Terrace Municipal Code and a public hearing is held. In May through June, the Council conducts several budget meetings to discuss the proposals and make revisions as warranted. The Council adopts the budget prior to the beginning of the fiscal year.

After the budget is adopted, the Finance Department integrates the budgetary data into the City's financial system at the beginning of the fiscal year. During the fiscal year, budgetary controls are maintained to ensure compliance with the budget as approved by the City Council. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the program level.

Monthly Financial Reports and Mid-Year Budget Reviews are presented to the City Council to review budget-to-actual results for both revenues and expenditures. The Mid-Year Budget Review also includes a fiscal year-end projection such that adjustments in staffing and other budgetary resources may be made per Council's direction. Appropriation adjustments requested by departments are also considered during the Mid-Year Budget Review.

Budget Amendments: Supplemental appropriations requested during the fiscal year, when necessitating the use of reserves/fund balance, require approval by the City Council. Supplemental appropriations requested during the fiscal year with offsetting revenues and budget adjustments between funds and departments are approved by the City Manager throughout the fiscal year.

Basis of Budgeting: The City uses the modified accrual basis in budgeting governmental funds. As such, obligations of the City are budgeted as expenditures and revenues are recognized when they are both measurable and available to fund current expenditures.

Enterprise Fund: The City has an enterprise fund for its wastewater disposal operations. The City has entered into three (3) agreements with the City of Colton as follows:

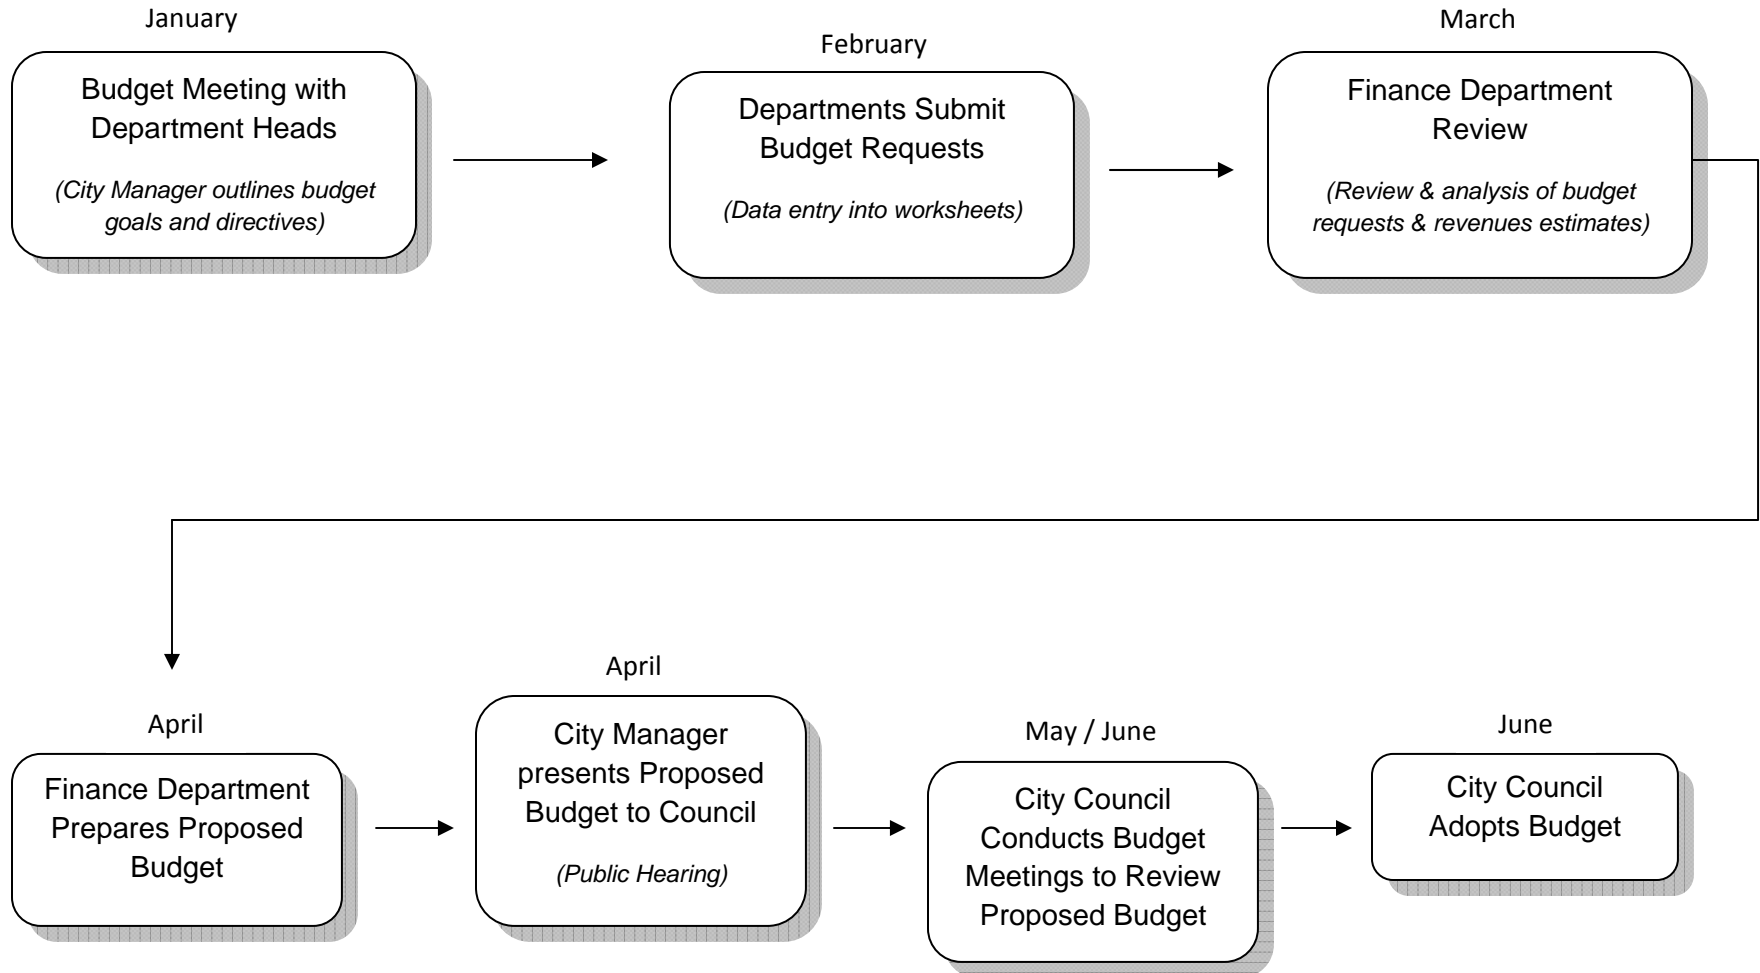

- a) a Wastewater Lease Agreement wherein the Colton Utility Authority shall collect revenues, operate, maintain, manage and monitor the City's Wastewater Enterprise;
- b) a Sewer Services Agreement wherein the Colton Utility Authority shall convey, treat, dispose of or reuse all wastewater received from the Grand Terrace Wastewater System; and
- c) a Settlement and Release Agreement that settled all pending waste water litigation between Grand Terrace and the City of Colton.

Overhead Cost Allocation: The City also utilizes an overhead cost allocation model for its general government costs.

The budgets for the enterprise and overhead cost allocation amounts are prepared on a full accrual basis, with expenses recognized when incurred and revenues recognized when due the City.

Budgetary Data: Annual budgets are legally adopted for all funds on a basis consistent with generally accepted accounting principles.

**City of Grand Terrace
Budget Development Guidelines
FY 2014-15 Budget**

Budget Development Guidelines

- Departments should submit budgets that reflect no change in staffing or service levels from FY 2013-14.
- Personnel budgets have been developed by Finance and are based on current compensation levels, as follows:
 - Continuation of the 36-hour work week and corresponding 10% salary reduction;
 - Continued suspension of merit increases; and
 - No cost-of-living adjustment (COLA).
- Any reinstatement of the above compensation items will be by policy direction of the City Council.
- Payroll allocations for employees charging time to the Successor Agency have been adjusted in some cases, compared to FY 2013-14, based on the \$250,000 state-mandated limit on Successor Agency administrative allowance.
- A general inflation factor of 2% was applied to the base year budget for FY 2013-14 in operation and maintenance accounts. If multi-year contracts are in place that provide for inflationary adjustments greater or less than 2%, departments should enter the adjustment in the "Department Adjustment" column.
- A general inflation factor of 2% annually has also been applied to the additional 4-year projection amounts. If a department believes that this amount should be greater or less than 2%, the amount can be adjusted in the department recommended amounts.
- Following review by the City Manager & Finance Department, the City Manager will submit a Preliminary Base Budget and additional 4-year projection reflecting the above guidelines.
- Any proposed additions to the Preliminary Base Budget should be submitted for consideration as a New Budget Request, along with comprehensive justification and service level impact utilizing the attached form. Given the significant fiscal challenges facing the City, any such requests must have compelling justification.

**City of Grand Terrace
Budget Preparation Instructions
FY 2014-15 Budget**

Budget Preparation Instructions

- Budgets should be keyed into the Department Excel Worksheets provided by Finance.
- An additional worksheet will be provided requesting detailed vendor, description of goods and/or services and amounts of certain account line items to provide justification for the line item amount.
- All line items should be rounded to the nearest \$100.
- The “2014-15 Base Budget Column” column has been populated. If the department feels the need to adjust the base amount, all adjustments should be entered in the “Department. Adjustment” column and sufficient justification be provided for any increases.
- Salaries & benefits data has been entered by Finance and will be flat for the 2014-15 base year.
- With the exception of employees hired under an Employment Agreement, salaries for vacant positions that are still funded have been budgeted at the “C” step of the applicable salary range; benefits for such vacant positions have been reduced in accordance with the new tier benefit structure.
- Salaries-TEMPORARY (Object 6120) & Salaries-OVERTIME (Object 6122) are the responsibility of each department. Please make sure your department reviews these amounts.
- Capital Assets (assets with an initial cost of \$5,000 or greater and an estimated useful life of at least two years) must meet replacement guidelines. However, departments should try to extend the useful life and keep the asset in service longer if possible. Consult with Finance before budgeting for replacement of a capital asset. (Note: Replacement assets are budgeted net of accumulated depreciation.)

CITY OF GRAND TERRACE REVENUE AND EXPENDITURE ASSUMPTIONS

REVENUE ASSUMPTIONS:

In several cases economic forecast information was used to determine an appropriate inflationary factor relative to the five-year revenue and expenditure projections. It should be noted that the City's major revenue sources, such as property tax and sales tax, are projected based on data and analyses specific to the City, utilizing outside consulting expertise, rather than applying generalized growth or inflationary factors. Likewise, key expenditure categories, such as personnel-related expenses and contractual services, are projected based on factors specific to the City.

Tax increment financing allowed redevelopment agencies to capture increased property tax revenue in their project areas to fund redevelopment activities. Once a project area was designated, and a redevelopment plan was adopted, a base year was set for property tax revenues. All of the other taxing entities in the project area (e.g., school districts, city and county governments, flood control districts, library districts, etc.) had their property tax revenue frozen at this base year level. Any increased tax revenue above the base year level went to the redevelopment agency until the redevelopment project ended. This is important to keep in my mind when considering the assumptions and data below.

Revenues

When projecting revenues for the five-year projection, the revenue estimates were based upon the following assumptions:

- receipt of on-going funds of \$300,000 in annual lease payments from the waste water agreement between the Cities of Grand Terrace and Colton;
- General Fund property taxes are frozen; since all of City Grand Terrace is part of the former redevelopment project area, all increased tax revenue goes to the Successor Agency;
- Licenses, Fees and Permits are projected to increase by \$50,000 annually due to the implementation of the City's strategic plan; and,
- annual increase of revenues at 3% for the other revenues;
- additional RPTTF receipts as provided by RSG property tax consultants based on their initial projection and percentage of the City's last distribution allocation;
- assumes overpayment by the County of RPTTF totaling \$360,000 based on the volatility of prior distributions; and
- assumes payment of \$200,000 against overpayment is deducted in FY2014-15 with the balance deducted in FY2015-16.

Expenditures

Expenditure adjustments were based on the following assumptions:

- Increase in Sheriff's contract of 4.5%;
- Reinstatement of one (1) sheriff deputy beginning in FY2015-16 (policy decision that requires City Council approval);
- Increase in CalPERS retirement contribution of 4.5%;
- Assumptions for Salaries & benefits:
 - continuance of the 36-hour (4-day) work week for City Hall staff and corresponding 10% reduction;
 - continued suspension of merit increases;
 - cost-of-living adjustment (COLA) increase of 5% in FY2015-16 and 3% in the following years (policy decision that requires City Council approval); and
- Annual increase of 2% for non-personnel related costs.

Grand Terrace Senior Center Construction

City of Grand Terrace Fund Descriptions

General Fund (10)

In public sector accounting, the primary or catchall fund of a government, government agency, or nonprofit entity such as a university. It is similar to a firm's general ledger account, and records all assets and liabilities of the entity that are not assigned to a special purpose fund. It provides the resources necessary to sustain the day-to-day activities and thus pays for all administrative, police and operating expenses. When governments or administrators talk about 'balancing the budget' they typically mean balancing the budget for their general fund.

Special Revenue Funds

Child Care Fund (09)

The Child Care Fund accounts for all revenues collected and all expenditures incurred by the City's Child Care Services program. Resources in this fund come from fees paid by participants in the various services offered by the City's fully licensed child care program.

Street Improvements Fund (11)

All new development is required to pay a Development Impact Fee for Streets. This fund accounts for all revenue collected for Street Capital Improvement Fees under the Municipal Code. Funds should be expended in accordance with the latest adopted fiscal impact study and capital needs assessment.

Storm Drain Improvements Fund (12)

All new development is required to pay a Development Impact Fee for Storm Drain Capital Improvement. This fund accounts for all revenue collected for Storm Drain Capital Improvement Fees under the Municipal Code. Funds should be expended in accordance with the latest adopted fiscal impact study and capital needs assessment. Storm drain capital improvement and maintenance fund, for the purpose of developing a storm drain master plan and a storm drain system in accordance with the master plan. The fees shall be established by a resolution and shall be placed in a fund exclusively for the use specified in this subsection.

(Ord. 102 § 18, 1986; Ord. 44 § 2(D), 1981)

Park Fund (13)

All new development is required to pay a Development Impact Fee for Parks. This fund accounts for all revenue collected for Park Improvement Capital Improvement Fees under the Municipal Code. Funds should be expended in accordance with the latest adopted fiscal impact study and capital needs assessment or master plan. Park capital improvement and maintenance fund, for the purpose of purchasing the land and developing and maintaining the city park system. The City Council shall have the option to request dedication of land for park purposes or, in lieu thereof, request that the applicant pay a fee in accordance with the resolution setting the fees;

Ord. 102 § 18, 1986; Ord. 44 § 2(D), 1981).

Fund Descriptions *(continued)*

Supplemental Law Enforcement Services (SLESF) Fund (14)

State Legislature has granted monies for the purpose of providing funds to local governments for front line law enforcement services. GC 30061-30065. This was originally funded by the state as a pacifier to local governments for the ERAF shift.

Air Quality Improvement Fund (15)

"Mobile source air pollution reduction programs" means any program or project implemented by the city to reduce air pollution from motor vehicles which it determines will be consistent with the California Clean Air Act of 1988 or the plan proposed pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3 of the California Health and Safety Code. All revenues received from the SCAQMD and deposited in the trust fund account shall be exclusively expended on mobile source emission reduction programs as defined in Section 16.04.020. Such revenues and any interest earned on the revenues shall be expended within one year of the completion of the programs.

Gas Tax Fund (16)

The Gas Tax Fund is the result of laws that tax the sale of gasoline. The current total tax on fuel is 18.4 cents per gallon. The City's share of gas tax revenue is based on a formula consisting of vehicle registration, assessed valuation, and population. The funding generated is used to perform citywide repairs and restoration to existing roadways, reduce congestion, improve safety, and provide for the construction of assets within the public right-of-way. The Gas Tax funds the maintenance of street lighting, traffic signals, traffic signs, and related facilities.

Traffic Safety Fund (17)

VEHICLE CODE SECTION 42200-42205

42200. (a) Of the total amount of fines and forfeitures received by a city under Section 1463 of the Penal Code that proportion which is represented by fines and forfeitures collected from any person charged with a misdemeanor under this code following arrest by an officer employed by a city, shall be paid into the treasury of the city and deposited in a special fund to be known as the "Traffic Safety Fund," and shall be used exclusively for official traffic control devices, the maintenance thereof, equipment and supplies for traffic law enforcement and traffic accident prevention, and for the maintenance, improvement, or construction of public streets, bridges, and culverts within the city, but the fund shall not be used to pay the compensation of traffic or other police officers. The fund may be used to pay the compensation of school crossing guards who are not regular full-time members of the police department of the city.

Facilities Development Fund (19)

Public Use Facilities Fund development impact fee. Funds should be expended in accordance with the latest adopted fiscal impact study and capital needs assessment or master plan.

City of Grand Terrace Glossary of Terms

Air Quality Subvention Revenue

Beginning in 1991, a surcharge was added to this area's vehicle registration fees to help fund air pollution control efforts. This surcharge consists of a \$4 per vehicle state fee and an additional \$1 per vehicle District-wide fee. The \$1 fee and 30% of the \$4 fee from vehicles registered in our four counties goes to the AQMD to be used for Mobile source programs such as those promoting ridesharing and developing clean fuels. Forty percent of the \$4 fee goes directly to cities for air quality improvements involving mobile sources. Grants for programs intended to reduce vehicle emissions are available on a competitive basis subject to funds.

Budget

A spending guideline adopted by the governing body of an organization by which the individual and specific goals and purpose of the organization are promoted and achieved.

Budgetary Accounting

A method of accounting in which the planned amounts and actual amounts spent and received are both included in the accounts, so that you can see at any time how much of the planned amount remains.

California Public Employees' Retirement System (CalPERS)

The California Public Employees' Retirement System is an agency in the California executive branch that manages pension and health benefits for more than 1.6 million California public employees, retirees, and their families.

Citizens' Option for Public Safety (COPS) Grant

Assembly Bill 1913 (Schiff-Cardenas Crime Prevention Act), signed into law in 2000, provides funding to cities and counties for frontline law enforcement officers and juvenile justice initiatives. With the passage of Assembly Bill 118 in 2011, the State of California amended Government Code 30061 as part of the criminal justice realignment plan. This provided financing for the Citizens' Option for Public Safety (COPS) program.

Community Development Block Grant (CDBG)

The primary federal objective of the CDBG program is the development of viable urban communities by providing decent housing and a suitable living environment and through expanding economic opportunities, principally, for persons of low- and moderate-income. Persons of low and moderate income are defined as families, households, and individuals whose incomes do not exceed 80 percent of the county median income, adjusted for family or household size.

Conditional Use Permit

A conditional use permit is a document that allows a city or county to consider special uses that may be essential to a specific community, through a public hearing process. It is however not allowed as a matter of right within a zoning district. It enables a municipality to control certain uses that could have detrimental effects on the community.

City of Grand Terrace

Glossary of Terms *(continued)*

Development Impact fees (DIF)

Development impact fees are one-time charges applied to offset the additional public-service costs of new development. They are usually applied at the time a building permit is issued and are dedicated to provision of additional services, such as water and sewer systems, roads, schools, libraries, and parks and recreation facilities, made necessary by the presence of new residents in the area. The funds collected cannot be used for operation, maintenance, repair, alteration, or replacement of existing capital facilities and cannot be added to general revenue. They are user fees levied in anticipation of use, expanding the capacity of existing services to handle additional demand.

Energy Efficiency and Conservation Block Grant (EECBG)

The Energy Efficiency and Conservation Block Grant (EECBG) is a program in the United States, which provides federal grants to units of local government to reduce energy use and fossil fuel emissions, and for improvements in energy efficiency.

Expenditures

Actual payment of cash or cash-equivalent for goods or services, or a charge against available funds in settlement of an obligation as evidenced by an invoice, receipt, voucher, or other such document.

Expenditures Accounts

Expenditure accounts are generally differentiated as to type of expenditures. Generally, the types of expenditures are segregated between Salaries and benefit accounts; Maintenance and Operations accounts and Capital and Non-recurring accounts.

Fund Accounting

Fund accounting is an accounting system emphasizing accountability rather than profitability, used by non-profit organizations and governments. In this system, a fund is a self-balancing set of accounts, segregated for specific purposes in accordance with laws and regulations or special restrictions and limitations.

Fund Balance

Fund balance is defined as the difference between the assets and liabilities of a fund. Fund balance is terminology that is applicable to "fund level" reporting of individual Governmental funds and is based on the modified accrual basis of accounting. It is used as a measure of the amount available to budget or spend in the future.

GAAP

Accounting Principle termed Generally Accepted Accounting Principles - Recognized accounting principles that the City is expected to follow for such items as revenue recognition and fund accounting.

Property Tax

An annual tax on the owner of real or business property. The tax is generally allocated among overlapping taxing agencies that provide services to the property or property owner. The allocation percentages are generally frozen by passing of Proposition 13 in 1978.
